Bollard STONE IP65 LED COB 6.50W 1075lm(500lm) CRI80 3000K 180° 535mm Concrete natural

Cristher

Stone Family, an outdoor LED spotlight, redefines technical lighting from a material and sculptural perspective. Made of mineral-textured concrete with a matte finish, it is available in natural and anthracite, giving it an authentic, timeless, and architectural touch. The concrete acts as a natural casing and heat sink. The transition between the optical assembly and the PVC mounting spike is direct and clean, with no visible hardware, allowing the piece to be partially embedded in the ground, as if emerging organically from the landscape. It features a 12W GU10 light source (bulb not included), a 170° projection angle, and is IP65 rated. It is ideal for installation in garden areas, low walls, or sculptures.
